

DARLEAN SCOTT

Female DOB: 06/12/1964

144349

Ins: Medicare Southern Region

06/19/2025 - Office Visit

Provider: Manprit K Dhillon MD

Location of Care: Antelope Valley Neuroscience Medical Group

History of Present Illness:

I saw DARLEAN SCOTT in the office today for a followup consultation. She is a 61 year old woman who I last saw on April 7. She underwent a lumbar facet block on May 2 with decreased low back pain involving her right hip and lateral thigh. Her most recent cervical facet block was in April of last year. She is complaining of recurrent neck pain involving her right shoulder. She is status post an L3-S1 ALIF in 2017, C4-7 ACDF in 2016 and a spinal cord stimulator (Medtronic) in 2021. She contacted the rep for Medtronic but that person is no longer with the company. Medtronic will be contacted to see if she is due for a spinal cord stim later battery change.

She takes Percocet 10/325 4 per day, Soma 3 per day, and Neurontin 800 mg 3 times a day.

Active Medications:

carisoprodol 350 mg tablet (carisoprodol) Take 1 tablet by mouth three times a day as needed as directed for spasms

gabapentin 100 mg capsule (gabapentin) Take 1 capsule by mouth three times a day as directed

Percocet 10 mg-325 mg tablet (oxycodone-acetaminophen) Take 1 tablet by mouth every six hours as needed for pain

IBU 800 mg tablet (ibuprofen) Take 1 tablet by mouth twice a day as needed for pain

Percocet 10-325 mg tablet (oxycodone-acetaminophen) Take 1 tablet by mouth every six hours as needed for pain

carisoprodol 350 mg tablet (carisoprodol) Take 1 tablet by mouth three times a day as needed for spasms
