

DARLEAN SCOTT

Female DOB: 06/12/1964

144349

Ins: Medicare Southern Region

04/07/2025 - Office Visit

Provider: Manprit K Dhillon MD

Location of Care: Antelope Valley Neuroscience Medical Group

History of Present Illness:

I saw DARLEAN SCOTT in the office today for a followup consultation. She is a 60 year old woman who was last seen by Dr. Misra on March 6. Her most recent lumbar facet block was on October 11 and her most recent cervical facet block was on April 12. She underwent clipping of a cerebral aneurysm at UC Irvine on February 4. She has 8 additional aneurysms. She is status post a C4-7 ACDF in 2016, L3-S1 anterior lumbar interbody fusion in 2017 and implantation of a Medtronic spinal cord stimulator in 2021 by Dr. Misra.

She takes Percocet 10/325 4 per day, Soma 3 per day, and Neurontin 800 mg 3 times a day. She is off Motrin 800 mg.

Her most recent MRI of the cervical spine was done at advanced imaging Center on April 24 and her most recent MRI of the lumbar spine was in 2016.

Active Medications:

Percocet 10 mg-325 mg tablet (oxycodone-acetaminophen) Take 1 tablet by mouth every six hours as needed for pain

IBU 800 mg tablet (ibuprofen) Take 1 tablet by mouth twice a day as needed for pain

carisoprodol 350 mg tablet (carisoprodol) Take 1 tablet by mouth three times a day as needed as directed for spasms
